Rino spray

Nasal spray

NATURAL PRODUCT

Effect:

Nasal spray is used to relieve nasal congestion and runny nose, as well as to prevent rhinitis and respiratory tract infections.

Use:

Difficulty breathing through the nose, prevention of rhinitis and upper respiratory tract infection.

Method of administration:

SHAKE BEFORE USE!

Remove the spray cap, for the first time direct the nozzle away from yourself and completely press the spray mechanism 2 to 3 times – while the aerosol is being sprayed. It is important to apply the product to the side walls of the nasal passages.

ADULTS: Spray 1 to 2 times in each nostril, not more often than once per hour.

CHILDREN AGE 3 AND UP: spray 1 time in each nostril, not more often than once every 3 hours.

Nasal spray
